BERGER PAINTS INDIA LTD –2023

Berger Paints' fully automated manufacturing facility at Sandila, Hardoi, Uttar Pradesh has commenced its commercial production, the company informed in a BSE filing.

It is the largest manufacturing facility of the company in India with capability to produce 15,000 KUMT per month of water-based paint, 4,800 KL per month of solvent-based paint, 7,000 MT per month of putty, 6,000 MT per month of construction chemicals, 2,000 MT per month of resin and 6,000 MT per month of emulsion under one roof.

The company has made an investment of more than Rs 1,000 crore for setting-up the said manufacturing facility and it is expected to cater to the rising demand for the company's products and bring down its cost of production.

HINDUSTAN UNILEVER LTD –2022

The state of Uttar Pradesh is set to see Rs 700 crore worth of investments from Hindustan Unilever by 2025, according to the state's Chief Minister Yogi Adityanath.

During the inauguration of a spray dried detergent powder manufacturing unit of Hindustan Unilever India in the Harimpur district, Adityanath praised Bunelkhand's progress, saying that it "is becoming a heaven on earth today," and that it used to be a place "from where investors used to run away and youth used to flee"

Talking virtually at the inauguration of the Sumerpur plant, Adityanath added that the investment "strengthens the economy but also becomes an easy medium for employment generation and community development. In a backward area like Sumerpur, this plant will, directly and indirectly, become a medium of employment for lakhs of people."

PEPSICO INDIA LTD -2021

Food & beverage major PepsiCo on Wednesday said its business in India is transforming and will continue to invest in the country for a long term. The company on Wednesday commissioned its Rs 814 crore Kosi Kalan foods plant at Mathura in Uttar Pradesh, the largest greenfield investment in manufacturing in India by the global food and beverages major.

PepsiCo India President Ahmed ElSheikh said, "Like India, PepsiCo's business here is also transforming and we continue to invest for the long term."

The Kosi Kalan foods plant, which was inaugurated by Uttar Pradesh Chief Minister Yogi Adityanath, will play a significant role in scaling up PepsiCo's foods production in the country. The plant would create over 1,500 direct and indirect jobs and drive inclusive growth.

This would also expand PepsiCo India's connect with over 5,000 farmers in the state.
